

**RESOLUTION NO. 2023-\_\_\_\_\_**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN CARLOS  
PROCLAIMING THE TERMINATION OF THE DELARATION OF LOCAL EMERGENCY  
DATED JANUARY 5, 2023 ARISING OUT OF THE DECEMBER 2022 AND  
JANUARY 2023 ATMOSPHERIC RIVER STORMS.**

---

**WHEREAS**, Section 2.28.060 of the Municipal Code empowers the Director of Emergency Services (the City Manager) to proclaim the existence of a local emergency when the City of San Carlos is affected or likely to be affected by a public disaster and the City Council is not in session; and

**WHEREAS**, on December 31, 2022 the City Manager proclaimed a local emergency based on conditions of extreme peril to the safety of persons and property within the city resulting from the December 31, 2022 atmospheric river storm and flooding that occurred in San Carlos; and

**WHEREAS**, the December 31, 2022 storm caused extensive flooding at Holly Street, along El Camino Real, Brittan Avenue, and other areas throughout the city; and

**WHEREAS**, concerned that the forecast called for additional storms of unknown strength and potential for additional flooding that could cause further property damage and displacement of businesses and residents, the City Council by Resolution 2023-001 on January 5, 2023, ratified the City Manager's proclamation of a local emergency and further proclaimed the existence of the emergency; and

**WHEREAS**, since January 5, 2023, local conditions have stabilized. The threatened storms occurring after the City Council proclamation were not as severe as the first wave and the feared significant additional flooding or other potential damage did not materialize in the city; and

**WHEREAS**, Government Code Section 8630 provides that the City Council must terminate a proclamation of local emergency at the earliest possible date that conditions warrant.

**NOW, THEREFORE, BE IT RESOLVED**, the City Council of the City of San Carlos proclaims that based upon the above facts and circumstances that the local emergency no longer exists in the city and hereby terminates the proclamation of emergency issued on January 5, 2023, arising out of the December 2022 and January 2023 atmospheric river storms.
