

CITY COUNCIL STAFF REPORT

MEETING DATE: November 28, 2022

ITEM TITLE: Accept the Fiscal Year 2022-23 First Quarter Investment Report for the Period Ending September 30, 2022.

RECOMMENDATION:

Staff recommends that the City Council review and accept the Quarterly Investment Report ("Report") for the first quarter of Fiscal Year ("FY") 2022-23 ending September 30, 2022.

FISCAL IMPLICATIONS:

There is no fiscal impact to accepting the Report.

BACKGROUND:

On August 23, 2021, the City Council approved the Annual Investment Policy ("Policy") per Resolution No. 2021-073. In accordance with the Policy, the City Administrative Services Director is responsible for investing the unexpended cash used for funding operations of the City of San Carlos ("City").

The investment of funds for the City is directed by the goals of safety, liquidity, and yield. The authority governing investments for municipal governments is set forth in the California Government Code, sections 53601 through 53686 ("Code"). Per section 53646 (b)(1) of the Code, the Investment Committee serving as the legislative body will have the quarterly reports for its review within thirty (30) days following the end of the quarter. Thus, this Report and its attachments are furnished for review and information.

Beginning in FY 2016-17, the City included the checking account balance as part of this Report. Although a checking account is not a typical investment account, including this balance shows the total cash on hand for the quarter. The City typically maintains an average of \$1 million to \$3 million, and a larger balance at the end of the calendar year, in the checking account to meet cash disbursement needs. Transfers are usually made into the investment accounts during the quarter to account for receipts that exceed disbursements.

Investment Strategy

The City's investment priorities, in order, are "safety, liquidity, and yield," while meeting the cash flow needs of the City through prudent investment of unexpended cash.

Compliance with Policy

Historical cash flow trends are compared to current cash flow requirements on an ongoing basis to ensure the City's investment portfolio will remain sufficiently liquid to enable the City to meet all reasonably anticipated operating requirements. As of September 30, 2022, the portfolio contains sufficient liquidity to meet the next six months of expected expenditures by the City.

As of September 30, 2022, the City has no investment instruments with a maturity date longer than one year. All investments are in highly liquid accounts, using the State of California and County of San Mateo investment pools, and are in compliance with the Policy.

The primary objective of the Policy of the City of San Carlos is "safety of principal". The permitted investments section of the Policy also states:

Local Agency Investment Fund (LAIF), which is a State of California managed investment pool, and San Mateo County Investment pool, may be used up to the maximum permitted by California State Law. A review of the pool/fund is required when they are part of the list of authorized investments, with the knowledge that the pool/fund may include some investments allowed by statute but not explicitly identified in this investment policy.

The City's Investment Committee, consisting of City Manager Jeff Maltbie, City Treasurer Inge Tiegel, and Administrative Services Director Rebecca Mendenhall, has reviewed and approved this Report.

ANALYSIS:

The Investment Portfolio (Attachment 1) indicates that on September 30, 2022, City funds in the amount of \$161,759,006 were invested, producing a weighted average yield of 1.33% for this quarter. The amount in the checking account was \$2,115,336. The Local Agency Investment Fund ("LAIF"), the City's benchmark for comparison of investment yield, was 1.35% for the quarter. The investment yield, net of administrative fees, for the County Pool was 1.32%. The allocation of the investment portfolio balance to various City funds is included in Attachment 3 of the Report.

Below is a summary of the changes from the last quarter.

	Quarter Ended 9/30/22	% of Total	Quarter Ended 6/30/22	% of Total	Increase (Decrease)
City-Checking	\$ 2,115,336	1%	\$ 2,166,789	1%	\$ (51,453)
City-SM County Pool	92,597,140	57%	96,365,828	58%	(3,768,688)
City-LAIF	69,161,866	42%	66,551,266	40%	2,610,600
Total	\$ 163,874,342	100%	\$ 165,083,883	100%	\$ (1,209,541)

The portfolio balance at the end of the first quarter is \$163,874,342, a decrease of approximately \$1.2 million. The decrease in the portfolio balance was due to the timing of the cash receipts and cash payments. The City draws on the investment portfolio throughout the year for normal operating activity typically with the more significant levels of draw occurring in the first quarter (July through September) and fourth quarter (April through June). The City's cash position typically improves in late December and April due to the receipt of property tax collections from San Mateo County.

The decrease in the first quarter is also due to drawdowns for several major distributions: (1) City's share of the annual CalPERS contribution for the former Belmont-San Carlos Fire Department of \$1.9 million; (2) annual pre-payment of the Unfunded Accrued Liability ("UAL") for the pension costs of \$3.3 million; (3) \$2.1 million payment to San Mateo County for Sheriff services for the first quarter of FY 2022-23 and (4) capital spending of \$1.2 million on projects, such as the Install New Sports Field Lighting Project in the General Capital Fund (Fund 25). These drawdowns were mostly offset by a \$3.6 million payment received from the American Rescue Plan Act, \$2.3 million in sales taxes, and \$2.2 million property tax in-lieu vehicle license fees.

Below is a comparison of quarterly cash position for the past three years.

Below is a summary of the changes in the total investment interest earnings from the prior quarter.

	Qtr Ended 9/30/22	Qtr Ended 6/30/22	Increase (Decrease)
Investment Portfolio	\$ 161,759,006	\$ 162,917,094	\$ (1,158,088)
Weighted Avg Yield	1.33%	0.95%	0.38%
Accured Interest Earnings	\$ 533,278	\$ 355,677	\$ 177,601

The increase in interest earnings this quarter occurred due to the higher interest rates compared to the prior quarter. Interest for the investment accounts was \$533,278 and \$15,016 for the checking account.

Below is a summary of the changes in the total investment interest earnings from the prior quarter.

	Qtr Ended 6/30/22	Qtr Ended 3/31/22	Increase (Decrease)
Investment Portfolio	\$ 162,917,094	\$ 135,615,767	\$ 27,301,327
Weighted Avg Yield	0.95%	0.66%	0.29%
Accured Interest Earnings	\$ 355,677	\$ 221,468	\$ 134,209

The increase in interest earnings this quarter occurred due to the higher interest rates and portfolio balance compared to the prior quarter. Interest for the investment accounts was \$355,677 and \$3,366 for the checking account.

ALTERNATIVES:

The alternatives available to the City Council include:

1. Accept the Quarterly Investment Report for the first quarter of FY 2022-23 as of September 30, 2022; or
2. Do not accept the Report; or
3. Provide staff with alternative direction

Respectfully submitted by:

Rebecca Mendenhall, Administrative Services Director
